*sound* better

**.strandberg\***  
ergonomic guitar system

#### Unique custom guitars

**.strandberg\*** guitars are tailored to your unique requirements with each design element and measurement crafted by hand to specification.

The symbiosis between carefully selected materials and optimized design brings out the best in you. When you feel good, you sound good.

#### Headless tuning systems

**.strandberg\*** tuning systems for headless guitars take guitar design to new levels and make entirely new designs possible.

They are machined in Sweden from premium materials and finished to the highest specifications.

Guitarmakers all over the world choose **.strandberg\*** headless tuning systems for their great sound, low weight, distinctive looks and unparalleled tuning accuracy.
